'CARING AND RESPONSIVE'

CHIEF WARDEN TRAINING

Your emergency training needs are specific to you, the nature of your business, the environment in which you work, the equipment you operate and the personnel you work with.

Since commencing operations in 1984 Westside Fire Services has positioned itself to be recognised as an industry leader in Western Australia for the provision of Fire Protection Systems. This also includes the servicing of those systems and training you in their use as well. Your protection is our business.

Our Training Team members are supported by some of the most innovative technological solutions within the Industry which aid in training delivery. Our staff have numerous years' experience in the Emergency Response field which is supported by qualifications in safety, training, fire engineering and emergency management.

CHIEF WARDEN TRAINING

Our Chief Warden Training is targeted towards the members of your sites Emergency Control Organisation leadership team and is delivered in compliance with Australian Standard AS 3745 and your Emergency Response Procedures. The training has a strong focus on command and control of emergency situations. The training covers the following topics:

- **Legislative Requirements and Australian Standard AS 3745**
- **Emergency Control Organisation Command and Control**
- **Chief Warden Duties and Responsibilities**
- **Initiating a Response to an Emergency**
- **Operating installed Occupant Warning System**
- **Utilising an Incident Control Log**
- **Managing Mobility Impaired Occupants**
- **Interacting with Emergency Services**

The training is delivered at your premises for a maximum of 10 trainees per group. The course is theory and practical based and the duration is 1 hours.

COST

The cost of the training starts from \$150.00 plus GST, if the training is conducted the same day as your sites Warden Training. The cost is also inclusive of handouts for each trainee. Discounts can apply for multiple training sessions however please contact us to discuss your needs. If the training is to be delivered outside the metropolitan area further costs maybe incurred.
